All the coverage you need

We'll help you understand the different plans and how much coverage you need.

Third Party Liability

Third Party Liability protects you if there are damages caused to another (a third) party from an accident at your fault. It protects you against claims made by another party (a third party).

Comprehensive

Comprehensive coverage protects you if your car is damaged by something other than a collision, such as fire, vandalism, hail or flood; we pay for repairs, after you pay the deductible. We also cover damage caused by hitting an animal and theft (if your car gets stolen)

Third Party Fire & Theft

This covers any third party and their property in the event of an accident for which you are deemed liable, but it additionally includes insurance for your own car if it is stolen or damaged by fire. You would also be able to make a claim if your car were damaged in an attempted theft.

Tools and Savings

Price is only a small part of what sets your EIB experience apart. We also make it easy to search for, buy and manage your policy.

Low Rates

We know that life can get expensive. We work hard to find the best rates without sacrificing service. We also make sure you're fully covered and protected in the case of an accident.

Excellent Customer Service

Our insurance agents are always available to help you and guide you through your policy or a claim, online and by phone.

Car Hire

Waiting is the worst. Which is why we can provide you with a hired car to use when your car is being repaired after an accident. We'll even pick up the car once your car's repairs are complete.

Roadside Assistance

We won't leave you hanging. Add Emergency Roadside Assistance coverage to your policy and we'll find you no matter where you are with services like towing and jumping a dead battery.

Most people love us

4 out of 5 recommend EIB. We work hard so you can get what you've paid for. We're always working to find more discounts and we'll be there to help you out when you need us the most.
